What's Up @ ASSUMPTION

Elective MODULE

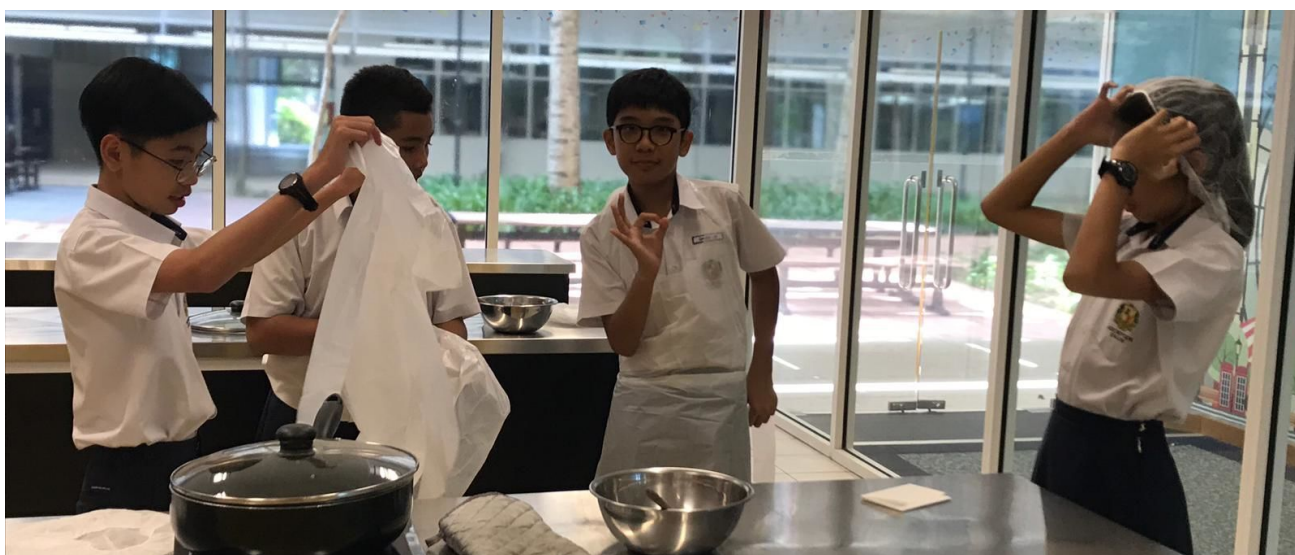

7 July 2019

Written by: Anjo Lee, Class 3/5

On the first week of the new semester, classes 2/5 and 3/5 were visibly missing from school. This was because they were actually at the ITE Colleges East and West, taking part in various intensive elective modules. The objective of these elective modules was to expose students to ITE lectures and allow them to experience the life of an ITE student.

Class 3/5 did a course on programming. They had to learn how to programme a robot to obey various commands such as moving from one place to another and even doing push-ups! Meanwhile in the east, the students from 2/5 were participating in a course on water treatment, in which they learnt various methods to test whether water is potable. Edison from 3/5 stated, "I felt like this elective module has given me a rough idea about how classes are run in an ITE. In my opinion, I'll stand a higher chance of getting the course I want in the foreseeable future."

In conclusion, all of the students had fun learning in an environment they had not experienced before. This has certainly helped prepare them for their future tertiary education.

Racial Harmony Day

26 July 2019

Written by: Isabelle Armie Barzaga

AES celebrated Racial Harmony Day on Thursday, 25 July. Racial Harmony Day, which falls on 21 July, commemorates the 1964 communal riots and reminds Singaporeans of the importance of maintaining racial and religious harmony in the country. This year's theme is the Singapore Connection.

As per our Assumption tradition, both our students and teachers wore their ethnic costumes to school on that day. During recess time, Assumption knights also got to taste local '*kuehs*' and traditional delicacies from other countries, such as '*Puto*', a snack from the Philippines. We then ended the day with the inter-class Best Dressed Competition, which took place during assembly.

With the variety of activities and events that were held, students and teachers not only had great fun but also forged closer ties with one another.

HAPPY BROADCAST - PICK OF THE MONTH

Atika Jaqlydia feels happy this week because she got a rare chance to visit her grandparents in Malaysia over the weekend.

What made you happy? Is there something you were grateful for? Think about it because you may just be selected as the Pick of the Month!
