Parent and School Communication Policy

Communication between school and parent is an **essential component** of school life.

It is an **intentional effort** and a **shared responsibility** in order to provide **support** and to **improve** the ways students learn and develop.

The school is committed to help and support you with sincerity and professionalism, and there must be **mutual courtesy** and **respect**.

Parent and School Communication Policy

Teachers have numerous duties and matters to attend to during a normal school day.

The **AES general office should be the first point of contact**, particularly for non-educational queries.

Parents may direct queries to the form teacher/subject teachers through email (aes@moe.edu.sg). Do allow teachers to respond within 3 working days.

School will inform parents about current activities via **Parents' Gateway**. Hence it is important for parents to download the Parents' Gateway app and to read and take note of announcement published.

Other than the bi-yearly Parent Teacher conferences, parents should **make an appointment** if they wish to meet the teacher on a school

Parent and School Communication Policy

Teachers' well-being is as important as students' well-being.

Teachers are not expected to provide their personal mobile numbers to students or parents. If a teacher shares their numbers to students, it is

- meant **only for student to communicate with their teacher** on school matters.
- **should not be shared without the teachers' consent.**

Teachers and staff **will not respond to emails/ students' queries after 5pm or on weekends** unless the matter is an emergency in nature.

Communication should be gracious and respectful. The school owes a duty of care to its teachers and staff. To protect them from intimidatory or threatening behaviour in a verbal or written form. The school reserves the right not to engage under such circumstances.

Together, Everyone Matters

What are my gifts?

What can I offer?
