Parent and School Communication Policy

Communication between school and parent is an **essential component** of school life.

It is an **intentional effort** and a **shared responsibility** in order to provide **support** and to **improve** the ways students learn and develop.

The school is committed to help and support you with sincerity and professionalism, and there must be **mutual courtesy** and **respect**.

Parent and School Communication Policy

Teachers have numerous duties and matters to attend to during a normal school day.

The AES general office should be the **first point of contact**, particularly for non-educational queries.

Parents may direct queries to the form teacher/subject teachers through email (aes@moe.edu.sg). Do allow teachers to respond within 3 working days.

School will inform parents about current activities via **Parents' Gateway**. Hence it is important for parents to download the Parents' Gateway app and to read and take note of announcement published.

Other than the bi-yearly Parent Teacher conferences, parents should **make an appointment** if they wish to meet the teacher on a school day.

Parent and School Communication Policy

Teachers' well-being is as important as students' well-being.

Teachers are not expected to provide their personal mobile numbers to students or parents. If a teacher shares their numbers to students, it is

- meant **only for student to communicate with their teacher** on school matters.
- **should not be shared without the teachers' consent.**

Teachers and staff **will not respond to emails/ students' queries after 5pm or on weekends** unless the matter is an emergency in nature.

Communication should be gracious and respectful. The school owes a duty of care to its teachers and staff. To protect them from intimidatory or threatening behaviour in a verbal or written form. The school reserves the right not to engage under such circumstances.

Student Initiated Learning - SIL

Develop passionate and motivated learners

- **On BL days**, students are encouraged to learn beyond their curriculum in their areas of interest. We have suggested:

Theme	Semester 1

A pronunciation used in the Latin of Julius Caesar, Cicero, etc that has been reconstructed by linguists

- C → K
 - Example: Cicero → Ki-ke-ro
- GU → U is always pronounced
 - Example: Sanguis → San-g-ooh-is
- QU → U is always pronounced
 - Example: Aqua → Ah-q-ooh-a

- A → Ah
- E → Eh
- I → Ee
- O → Oh
- U → Uh
- H →

Diphthongs: → I EXAMPLE

1. canis puerum mordet
(The dog bites the boy)

however

anem puer mordet
(The boy bites the dog)

Word orders don't matter in latin!
Only the endings of the words matter.

This is because in 1, canis (the dog) is the 'subject' and puerum (the boy) is the 'object'

While in 2, canem (the dog) is the 'object' and puer (the boy) is the 'subject'

HOW WE CAN APPLY IT TO OUR LIVES

Patience

we learnt patience while learning and memorising the words

Application

it teaches us to have patience in what we do, and to tackle things slowly

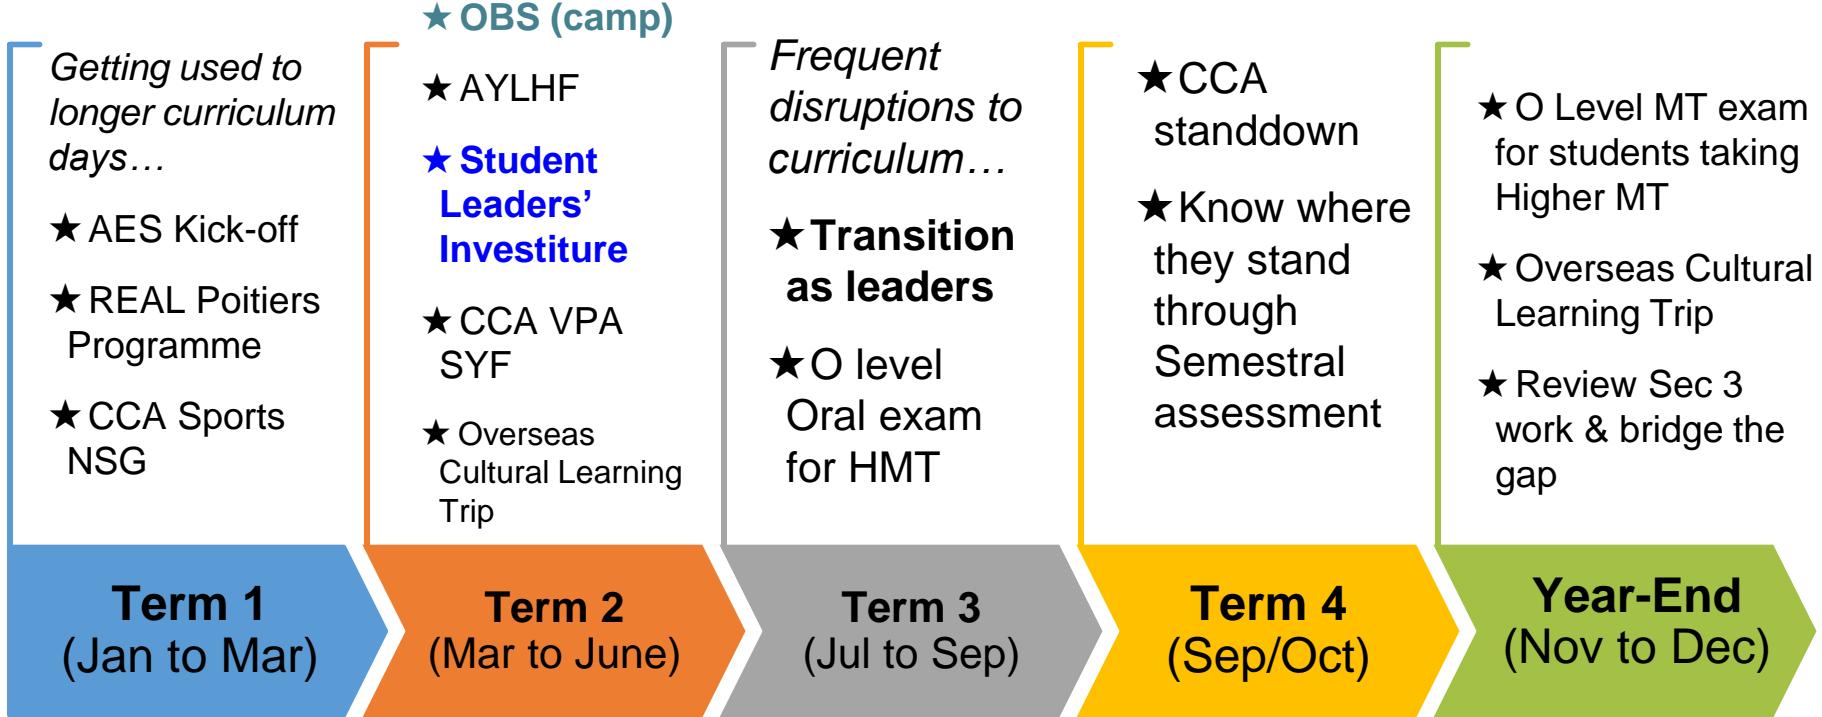

Language

learning a new language that is foreign to us

Application

it allows us to understand others easier, and can be useful during overseas trips
